

AFTER CARE

INSTRUCTIONS

Brow Lamination Aftercare

What should and should not be done 24 hours post treatment for longevity of results:

- Keep brows dry for 24 hours.
- Do not allow prolonged exposure to direct sunlight or heat.
- Do not apply make-up or undertake further eye treatments for at least 24 hours after your treatment.
- Avoid swimming/sauna/working out for 24-48 hours. Any excess moisture after this time can cause a slight curl/frizz to the brow hair.
- Do not apply Retin-A, AHA or exfoliate around the brow area for 72 hours either side of the treatment.
- No self-tanning products should be used on the face for one week prior and 48 hours after treatment.
- Recommended time between treatments 7-8 weeks.

Brow Tint Aftercare

- Recommended time between treatments 2 weeks.
- Avoid using makeup and facial cleansers around the brow area for the following 24 hours.
- Avoid prolonged exposure to direct sunlight, the use of sunbeds, saunas, steam rooms and swimming pools for 24 hours.
- Avoid exfoliating and using anti-aging products around the brow area for at least two to three days prior to and post treatment.
- Avoid using any self-tanning products on the face for around two to three days either side of the treatment.
- Avoid the temptation to over touch the brow area after a treatment. Touch with fingers can lead to oils entering open pores and clogging them.

Brow Waxing Aftercare

- Avoid extreme heat such as hot baths or showers, saunas and steam rooms for at least 24 hours.
- Avoid swimming and sunbathing (including sunbeds or any exposure to UV light) for at least 24 hours.
- Wash your hands before scratching or touching the area or try and avoid touching the area altogether.
- No self-tanning products on the area for 24 hours such as hot baths or showers, saunas and steam rooms for at least 24 hours.
- Avoid exercise or anything that makes you sweat for at least 24 hours.
- Do not apply any perfumed products to the area for 24 hours.
- Avoid the use of makeup on the brow area for 24 hours.

AFTER CARE

INSTRUCTIONS

Lash Lift Aftercare

- Be gentle with your lashes; no rubbing.
- Do not get your lashes wet for the first 24 hrs.
- Do not use harsh products on your eyes/lashes.
- No eye make up for 24 hours.
- Avoid waterproof mascaras.
- Swimming should be avoided for at least 24hrs.
- No other facial beauty treatments for 24hrs.
- Use of sauna/steam is possible after 24hrs but may weaken the effect of the lift.

Lash Extensions

- Lash refills will be needed every 2-3 weeks.
- Do not pick or pull on extensions or you could cause damage to your natural lash growth.
- Be cautious around high heat with extensions. Including hair dryers, grills, ovens, candles, and lighters.
- Avoid oil based products on the lash extensions, including makeup, skincare, and face or hair sprays. No gel or cream based eyeliners, mascaras, or cream based makeup near the extensions.
- Wash your lashes with an artist approved lash cleanser on a daily basis for the best retention of your extensions.
- Avoid getting the lashes wet within a 24 hour period after your lash appointment. This includes heavy sweating, steam rooms/saunas, and spray tans.
